	Latasha Washington	Laura Baldrich	Laurie Bass
	LaWana Johnson	Leann Phelps	Linda Geysen
	Lisa Hall	Luz Ayala	Lynda Ball
	Maria Argentina	Marie Orfino	Marizen Bernales
	Mark Andaya	Marshall Moreland	Melinda Martin-Lester
	Myrna Abesamis	Naheemah Felix	Network 8
	Network 11	Network 13	Network 15
	Network 16/18	Nicole Kendrick-Konkowski	Olivia Valdes
	Patty Tew	Peter Traub	Pheobe Armbrister
	Quin Taylor	Rebeca Monk	Rebecca Myers
	Riquelen Ngumezi	Rose Patt	Roseanne Bonello
	Ross Forbes	Ruth Dawson	Shane Perry
	Shannon Wright	Sharon Guskin	Sheila McMaster
	Stanley Aguirre	Stephanie Reed	Susan Drossos

	Susan Senich	Susan Swan-Blohm	Susan Waite
	Suzanne Kupersmit	Suzette Siblesz	Tim Higginbotham
	Tonya Saffer	Victoria Cash	Wayne Higgins
	Yessi Cubillo	Yolanda Atkins	

AGENDA TOPICS

WELCOME AND OPENING REMARKS

ONIEL DELVA / BEVERLY WHITTET

DISCUSSION	<p>Oniel Delva (NCC) opened the call at 3:30pm ET and provided meeting participants with an overview of WebEx functionality. Oniel then turned the meeting over to Beverly Whittet, NCC HAI LAN Clinical Lead, who welcomed the meeting participants and provides them with a brief overview of today's presentation.</p> <p>To ensure that participants are able to use the WebEx polling functionality and to determine who the primary audience on the line is, Beverly and Oniel begin with two polling questions:</p> <p>Tell the ESRD NCC and the CDC who you are:</p> <ol style="list-style-type: none"> Patient (0% of the 88 poll participants) Direct patient-care staff (14% of the 88 poll participants) Administration (40% of the 88 poll participants) Other ESRD stakeholder (46% of the 88 poll participants) <p>Are you currently familiar and/or using any of the CDC infection prevention resources?</p> <ol style="list-style-type: none"> Yes (86% of the 76 poll participants) No (14% of the 76 poll participants) <p>The NCC is also using the dial back feature and WebEx attendee list to capture attendance. The call is being recorded for note taking purposes and will be published for community review.</p>

PRESENTATION AND Q&A SESSION

DR. PRITI PATEL / ALICIA FREEMAN

DISCUSSION	<p>Presentation: Dr. Priti Patel and Alicia Freeman presented on "Introducing the CDC: <i>Making Dialysis Safer For Patients Coalition</i>". The outline of the presentation:</p> <ul style="list-style-type: none"> ▪ Bloodstream infections (BSI) in hemodialysis patients ▪ Evolution of CDC bloodstream infection prevention efforts and Core Interventions ▪ Evidence: outcomes of prevention efforts ▪ Making Dialysis Safer for Patients Coalition ▪ Please refer to the presentation slide deck for more details. <p>Chat question: A participant would like clarification on how the rates are calculated.</p> <ul style="list-style-type: none"> ▪ Dr. Patel: The units in NHSN are based on 1 unit per 100 patient months. <p>Chat comment: Since BSIs are under-reported, the facilities are reporting correctly seem to have higher rates of infection. This does not seem fair to those facilities that are reporting as direct.</p> <ul style="list-style-type: none"> ▪ Dr. Patel: The goal of the presentation is to emphasize what the individual facilities can and should be doing to best prevent infection in their patients. This includes accurately reporting infection data and doing whatever possible to reduce/lower those infection rates. <p>Chat question: Which level of the Making Dialysis Safer for Patients Coalition can patients join?</p> <ul style="list-style-type: none"> ▪ Alicia: The CDC encourages patients to join at the member level so that they can be an advocate for themselves and other patients. Those interested can visit the CDC website, or email the CDC for more information. <p>Chat question: Where do the ESRD Networks fit into the Making Dialysis Safer for Patients Coalition? Do they need to join?</p> <ul style="list-style-type: none"> ▪ Alicia: The Networks could join at a partner level, as they would be helpful in uptake of the broader measures. Those interested can visit the CDC website, or email the CDC for more information. <p>Chat question: Should patients join these quarterly calls?</p> <ul style="list-style-type: none"> ▪ Alicia: From a CDC perspective, yes, we would like to have patient involvement. Ultimately, having patients being stewards of healthcare is positive and having the knowledge would be greatly beneficial.

ESRD NCC HAI LAN WORKGROUP RECRUITMENT

BEVERLY WHITTET

DISCUSSION	Beverly opens up the lines and would like to offer all participants the opportunity to join the HAI LAN workgroup. <ul style="list-style-type: none"> ▪ The next workgroup meeting will be held at the end of September. ▪ The workgroup focuses on guiding the educational opportunities of the HAI LAN Events. ▪ The workgroup is also open to Patient SMEs. <p>Chat question: How can a new manager become involved?</p> <ul style="list-style-type: none"> ▪ Oniel: Reach out to Beverly directly using the contact information provided during the meeting and Beverly will assist/walk them through the steps.
