

Home Dialysis Peer Connection Call: You Are Invited!

Are you thinking about home dialysis as a treatment option? Do you have questions you would like to ask someone who dialyzes at home?

Join the End Stage Renal Disease National Coordinating Center (ESRD NCC) for the Home Dialysis Peer Connection Call. This is an informal opportunity for in-center hemodialysis patients and their family members to ask questions, speak to, and learn from individuals who made the decision to dialyze at home. The call is for people who:

- Want to learn more about home dialysis (hemodialysis and peritoneal).
- Have been thinking about dialyzing at home.
- Are curious why other people chose this treatment option.

This event is your chance to ask questions and learn from fellow patients!

Call Information
