Introduction

The End Stage Renal Disease (ESRD) National Coordinating Center (NCC) is pleased to provide this updated February 2024 Directory of ESRD Network Organizations, prepared in collaboration with the 18 ESRD Networks. Produced quarterly, the directory provides a comprehensive compilation of contact information for ESRD community stakeholders, including the ESRD Networks and ESRD-related staff of the Centers for Medicare & Medicaid Services (CMS). The contact information in the directory is organized into five sections.

ESRD Network Program Contacts

This section contains contact information for individual Network Executive Directors, Quality Improvement leads, Patient Services leads, Board of Directors' Chairs, Network Council Chairs, Medical Review Board Chairs, and Patient Advisory Committee Chairs. This is followed by a profile of each Network office and includes contact information for all staff and committee chairpersons.

CMS ESRD-Related Contacts

This section provides contact information for CMS ESRD-related staff.

Kidney Community Emergency Response (KCER) Program

This section includes comprehensive emergency contact information for KCER's primary and backup contacts.

Special Projects

This section provides contact information for CMS-funded special projects.

National Renal-Related Organizations

This section contains contact information for national renal-related organizations, as well as a listing of key corporate personnel for large dialysis organizations (LDOs).

The ESRD NCC hopes this directory serves as a useful and convenient resource as we all work toward our common goal of improving the quality of care provided to patients with renal disease.
